

STEPS TO INSTALL INDIAN RHYTHM EXPANSION PACK IN CT-X8000IN & CT-X9000IN

➔ Formatting the USB Flash Drive (Perform this step only if the USB Flash Drive is being used for the 1st time with the keyboard)

Step 1 : Insert the USB Flash drive into the keyboard's USB Flash Drive Port.

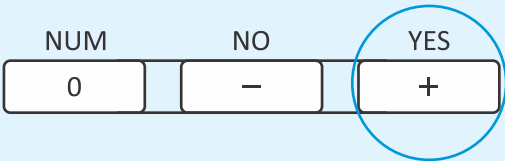

Step 2 : Press “Function”, use Arrow Keys to display “Media” & then press “Enter”.

Step 3 : Use Arrow Keys to display “Format” and then press “Enter”.

Step 4 : Press “Yes” to execute the formatting.

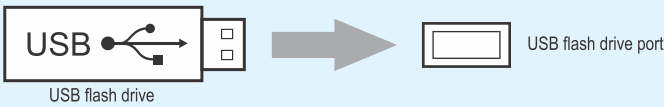

➔ Copy the downloaded file into the USB Flash Drive

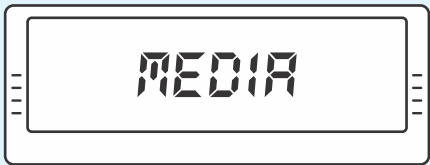

Now copy the downloaded files into the MUSICDAT folder of the USB Flash Drive

➔ Loading the Rhythm Expansion Pack in to the keyboard

Step 1 : Insert the USB Flash Drive in to Digital Keyboard's USB Flash Drive port.

Step 2 : Press “Function”, use Arrow Keys to display “Media” & then press “Enter”.

Step 3 : Use the Arrow Keys to display “Load” and then press “Enter”.

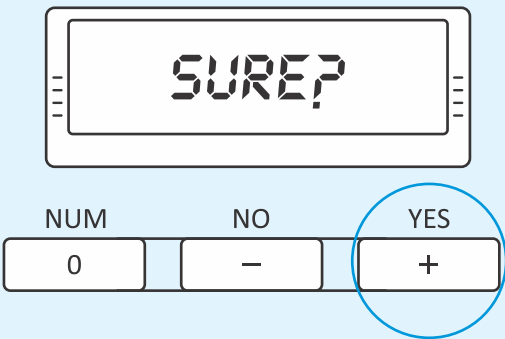

Step 4 : Use the Arrow Keys to display “Rhythm” and then press “Enter”.

Step 5 : Use the Arrow Keys to select the particular rhythm you wish to load in the keyboard and then press “Enter”.

Step 6 : “Sure?” will be displayed on the screen. Press “Yes” to import the selected rhythm in the keyboard.

➔ The new rhythms you have loaded can be found starting from Rhythm No. 309 onwards in the keyboard rhythm bank.
